Plotting his revenge
Flipping through the pages

He's unstoppable
He's conniving

He was too far in the spell

Then one night he ceased a storm
And blew up a massive ship

And washed up to the shore
Just to find a mind deceiving guy

So deafening
And the clouds move out of way

Everything about them makes him sick

Like a dove in the sky
Freedom, a beauty in my eye

My time goes by
Tamed down by the chains of my life

Winning this fight
Finally feeling alive

Water splashing
Lightning crashing
Everyone's calling for help

Sailors crying
Slowly dying
Fear is dancing in the air

We're running for our lives
This ship will not survive

We're like lost children in the rain
Water is splashing everywhere

All we can see is dark dark sky
This ship will not survive!

Better run now for your life
Destiny was written in the stars

Water splashing
Lightning crashing
Everyone's calling for help
Sailors crying
Slowly dying
Fear is dancing in the air

People screaming I am dreaming

I wanna be alive!
